

UNIVERSITÄT ZU LÜBECK  
GRADUATE SCHOOL FOR COMPUTING  
IN MEDICINE AND LIFE SCIENCES

## Guidelines on Graduate School Affiliation

As concluded in the Steering Committee meeting in July 2008, both references of your Institute and the Graduate School must be mentioned when your affiliation is asked. For instance, when you submit a paper or present a poster, you should mention the authors as follows:

--

Student Name<sup>a</sup> <sup>b</sup>, Supervisor Name<sup>a</sup>

a Institute of Whatever

b Graduate School for Computing in Medicine and Life Sciences, University of Lübeck

--

The same rule applies to your email signature, etc.
